In addition to the many wonderful tourism highlights, Souris provides a high quality of life for residents complete with a full range of lifestyle amenities in education, healthcare, daycare, sport and recreation. Souris is also fortunate to have diversified commercial services.

The population and geographical location of Souris helps to create that small town atmosphere within a short drive to the major city of Brandon.

Raise a family, retire, enjoy the peace and quiet of a full-service beautiful small town.

Hello from beautiful Souris, thank you for taking the time to check out our SourisGuidebook. Many people helped pack it full of useful information for both residents and visitors alike.

This guidebook was one of the first resources my family and I explored to get familiar with Souris when we relocated to town. Four years later and we still use it to find what we need. Hope it helps you too!

Our community continues to grow and change. The unique location and population makes the Municipality of Souris-Glenwood an ideal hub for commerce in the area. If you are interested in support for your business, please contact me and I will be happy to help find answers you need.

**"Souris School staff have been wonderful in supporting and caring for our children. They worked hard to ease the transition to a new school and supported their various individual needs."**  
--Sarah Cha

Ensuring our children's success in life starts with a good education. Our school offers programs from K-12, with an average enrolment of 460 students. With smaller class sizes than many urban centers, our school is better equipped to offer individualized attention to ensure student success.

Exploring options for students with varied career interests, we facilitate apprenticeship entry for qualifying high school students in any recognized trade. Extra-curricular opportunities for students include Arts, Drama, Chorus, as well as a slate of athletics programs.

# Avoid the Costs of Condo Living

Souris can offer small town living with modern, carefree conveniences and a great community spirit.

The Murray Building which is attached to The Souris Hotel, is designed to appeal to seniors ready for a maintenance free lifestyle and ready to enjoy retirement. Going away for the winter or on a well deserved vacation - leave the rest to our Team to take care of your residence while you are away.

So how does one begin the change? All Tenants are required to make a \$65,000 loan payment to the complex. Interest on this loan comes off your monthly rents. (When the Tenant moves out, the \$65,000 loan is repaid to the Tenant).

### What's so great about our Murray Building Apartments?

- 1200 square feet
- 24 hour support (at the Hotel)
- 2 Bedroom / 2 Bathrooms
- 3rd Floor Rooftop Balcony
- In Suite Laundry
- Heated Indoor Parking
- Master Ensuite/Walk through closet
- Large Private Balcony with Gas Barbeque Hookups
- 6 Appliances included ( Fridge, Stove, Washer, Dryer, Dishwasher, Microwave)
- Large Common Room with Kitchen Facilities

Monthly rental payments for apartments range from \$1,761 to \$2,012 per month and leases are yearly (January to December) This includes all utilities, gas for your BBQ, but does not include Cable, Wifi, or Telephone or your own content and personal liability insurance). Heated Indoor parking is available at \$100 per month or \$40 per month outside.

So you no longer have to worry about hydro bills, water bills, gas bills, property tax payments, building insurance or maintenance fees such as snow removal, yard care, appliance replacement and repairs.

If you are ready and want the freedom to change your lifestyle call us today to schedule a tour and explore the possibility of a new lifestyle in the smoke free Murray Building.

For a tour contact General Manager Darlene Janssen at 204-483-3373 or email [gmsourishotel@gmail.com](mailto:gmsourishotel@gmail.com) or contact Glen Tosh - Royal LePAGE at 204-720-6888 or email [GlenTosh@royallepage.ca](mailto:GlenTosh@royallepage.ca)

## SPEND YOUR NIGHTS IN COMFORT

### Welcome to The Souris Hotel

We will get you settled in right away! 29 spacious rooms and warm friendly service guaranteed! Continental Breakfast, Elevators, Keurig Coffee Makers and many more amenities that make the Souris Hotel a great choice for you and your family. Situated in the heart of Souris the hotel provides walking access to unique restaurants, stores, and activities. We also have the King Edward Room to host meetings, events, and more.

Souris is located on the Souris River and Plum Creek and you will enjoy the natural beauty, amenities and rich heritage Souris has to offer. The Swinging Suspension Bridge right behind the hotel, may be the most famous landmark, but come discover our museums (The Plum Museum, The Souris Railway Museum, The Hillcrest Museum) or become a rock star and learn about the many unique specimens unearthed at our Rock Quarry. Enjoy a pleasant stroll along the walking trails in the park that wind their way to the mystical Old Oak Tree that is more than 500 years old! Watch for our honorary ambassadors -

the peacocks who wander throughout our community or spend a great day of golfing or lounging by our pool in the Victoria Park.

Visit our website at [www.thesourishotel.ca](http://www.thesourishotel.ca) or give us a shout 204-483-3373 and our team is ready to help.

## Beautiful

The Souris River Valley, Plum Creek and Victoria Park create a stunning landscape for this small town and community of just over 2,500. The new design of the swinging bridge is a stunning display of an historic concept built with new technology. Souris is a great location for weddings, family reunions, get-togethers and conferences. There is a full slate of commercial services and venues to choose from, no matter what season it is.

Photo: Kim de Koning

Photo: Kim de Koning

## Fun

Souris is a lively place all year round, especially in the summer when thousands come to visit our Swinging Bridge and many other attractions or to see family and friends. Many activities throughout the year keep residents and visitors busy.

## Progressive

Progressive is defined as favoring change, advocating progress, improvement, or reform. Our community is constantly evolving in ways that improve our quality of life. From agriculture and industry to tourism and lifestyle amenities, there are many projects and events on the go at any given time.

Photo: Kim de Koning

## Diverse

Our roots in the agriculture and railway industries date back to the late 1800's. Historic buildings dot the landscape. Our swinging bridge, museums, heritage buildings and progressive industrial heritage have kept the population and economy steady over the past century.

# Celebrating Canada's Longest Swinging Bridge

The *Souris Swinging Bridge* has become one of Manitoba's 61 Star Attractions. The first bridge was built in 1904 by Squire Sowden who wanted to improve access to town from his land on the east-side of the river in order to make it more attractive for potential buyers. Since 1904, the swinging bridge has been reinforced, rebuilt, and seen many pranks and antics performed on it over the years. In 2005, it was featured on a Canadian postage stamp.

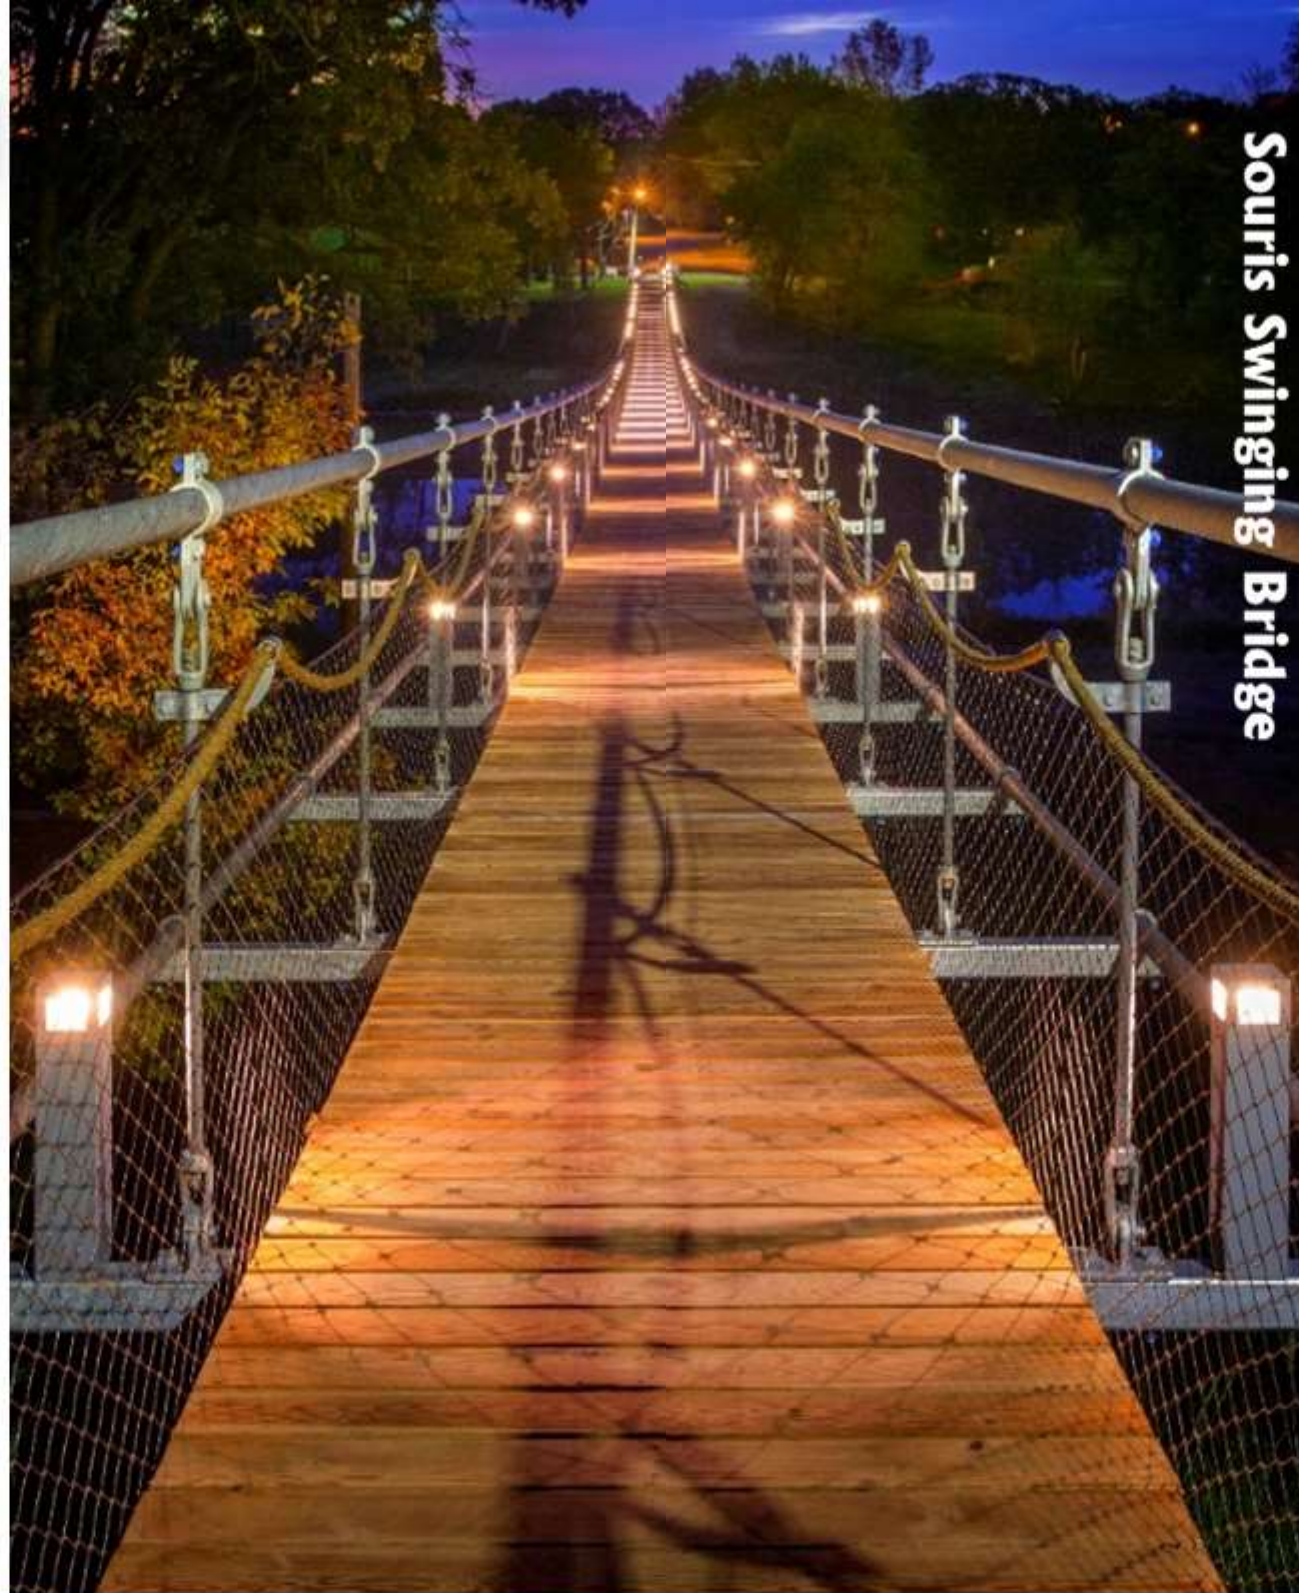

The current bridge was completed in August of 2013 and the new design has allowed Souris to once again reclaim the title of having Canada's longest swinging suspension bridge boasting 604 feet.

Spanning the Souris River, it is a popular backdrop for beautiful photographs that help capture life's important milestones such as a graduation, wedding, or a family reunion. Celebrating 118 years since its original construction, the Swinging Bridge remains our town's most famous landmark. It is truly a beautiful sight to appreciate any time of year! Follow the blue and yellow *Star Attraction* signs located throughout Souris to help locate the bridge.

If you're visiting, we are always interested in seeing pictures taken of you on our bridge. Let's see who has travelled the furthest to see our bridge! Please post your picture to social media #SourisMB or forward your picture to sgcdc@mymts.net

### Experience Bridge History

Swinging Bridge Exhibit at the Plum Museum & Visitor Centre  
142 – 1st Street South (204) 741-0631

Learn about the long history of the bridge, its impact on the local community, and the construction of the new design through an interactive SMARTBOARD exhibit at the Plum Museum and Visitor Centre.

**1904** The original bridge was built by Squire Sowden. The story is told that he used a mouse to carry the first rope across the river.

**1976** A flood took out the bridge and it was rebuilt

**2011** the flood of the century happened and the bridge was destroyed once again. It was soon rebuilt, reopened in 2013

### Hillcrest Museum

Designated as one of Canada's most important heritage properties, we are located at 26 Crescent Ave E.

Step back in time by visiting the Hillcrest Museum. Located adjacent to the famous Souris Swinging Bridge, this heritage building sits prominently on the banks overlooking the Souris River. Its castle-like design, reminiscent of English architecture, makes it a unique structure and a popular place to visit.

Exhibits showcase life in the early 1900s; and a CP Rail Caboose to explore.

### The Plum Museum and Visitor Centre

142 – 1st Street South (204) 741-0631

The Plum Museum, now part of Travel Manitoba Visitor Services Network, this structure was first erected in 1883 and is Souris' oldest remaining public building. Originally St. Luke Anglican Church, it was decommissioned in 1989 and later moved to its current location. Here you'll find tourism information, souvenirs, and more than likely, a muster of peacocks while touring the museum collections.

In the off-season, the building can be rented for private functions.

Admission is free, donations are welcome. Open July and August.

### The Railway Museum

156 First St South

Experience first hand a diesel engine simulator that was once used to train CPR Engineers. See inside an actual CPR Rail Car. View the Souris Railway Museum's website at [www.sourisrailwaymuseum.ca](http://www.sourisrailwaymuseum.ca)

Open by appointment only at this time, call Ferg Devins at 204-483-3361 for information . The Souris Railway Museum is open year round for this arrangement, health & weather permitting.

### Souris-Glenwood Community Golf Course

1km SE of Souris, east side of Hwy #22 PH: 204-483-2956

A scenic and challenging 9-hole course. A great place for a private or corporate function. The clubhouse facilities serve full meals and is licensed. Course opens April 9 to mid-October.

The Souris Agate Pits are North America's largest deposit of semi-precious gems, yielding agates, petrified wood, jasper and epidote. Fossils and many unique specimens have been unearthed here, including teeth of ice-age horses and mammoths. Twelve acres in size, the pits were worked for gravel as early as 1930.

**\*\*\*The agate pit is private property and permits are required.\*\*\***

Lapidary enthusiasts can find out more on our SourisManitoba.com website or use the QR code on this page to take you directly to the current information!

Fun fact – you can find small agates throughout the community where gravel has been placed! Be sure to watch for traffic though.

Peacocks in Souris

Photo: Kendra Minary

We have many peacocks that wander free around our community during the warmer months and stay cozy in a barn during the winter. Peacocks are considered to be a bird of protection and safeguarding. They have earned distinction as honorary ambassadors of the community and can be seen wandering about town. Please admire the peacocks from a distance and avoid feeding/chasing them.

**Fun Fact –** Maude Sowden spent time living in India as a young woman. Many years later, and totally by coincidence, peacocks were introduced to Souris and quickly became recognized as our iconic ambassador. Peacocks originally come from India!
