

MASSEY HARRIS CO.

W. A. Dolmage was the first manager of the Massey Harris Co. in Souris. This dealership was considered to be one of the principal business points in the province for that company. In 1952, E. N. C. and Roy Tanguay replaced the original building and opened up Tanguay's. At that time, they were associated with Robinson's – a dry goods franchise and Macleods Hardware franchise. Since that time the store has joined with a number of hardware companies and today is a Home Hardware. Both Dennis and Bill joined their dad Roy in the business. In 2004 the Tanguay's sold their business to Scott Murray and Betty Lou Noble. The business continues offering great service and products to their customers.
